

Clausewren

AI contract review for procurement teams.

Seed round — August 2026

Problem

Procurement teams review 300+ supplier contracts a month; legal is the bottleneck and deviations from standard terms slip through.

Product

Clausewren flags non-standard clauses, proposes fallback language from the company's playbook and routes exceptions to legal.

Traction

Metric	Value
Enterprise customers	41
ARR (Jul 2026)	\$1.3M
Completed pilots converted to annual contracts	5 of 11

Enterprise customers include 27 paid pilots and 6 design partners; 8 customers are in production on annual contracts.
