

Rostermint

Shift scheduling for hospital nursing teams.

Series A — March 2026

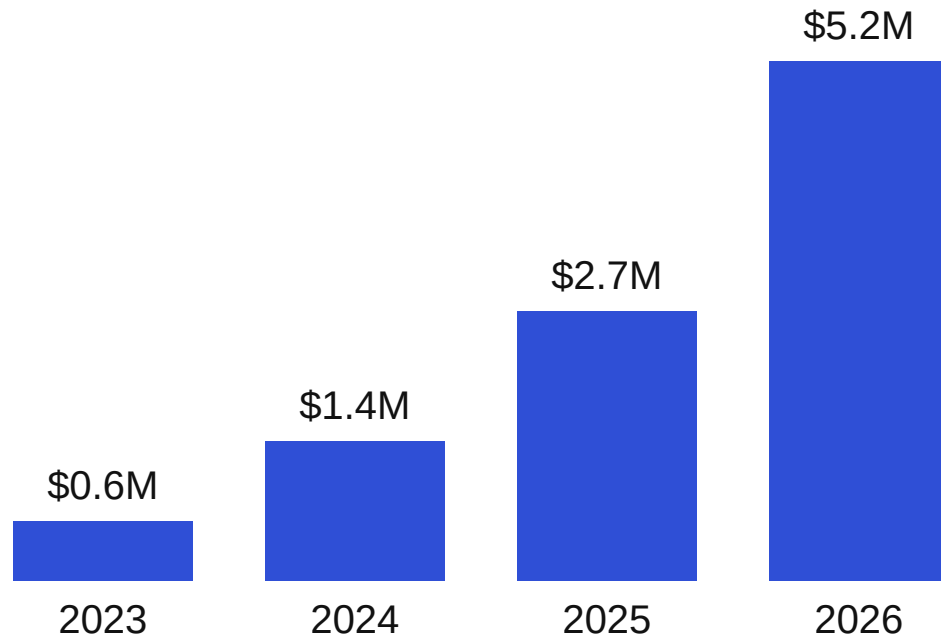

Problem

Nurse managers spend 8–12 hours a week on schedules; agency staffing to fill gaps costs hospitals \$2–5M a year.

Product

Self-scheduling with fairness rules, float-pool optimization and agency-spend forecasting; integrates with the major HR and time systems.

ARR

ARR at year end. 2026 figure reflects our operating plan.

Traction

Metric	Value
ARR (Feb 2026)	\$2.9M
Paying hospitals	76
Net revenue retention	124%
ACV	\$38k
CAC (paid media only)	\$11k

Team

Camila Oyelowo-Strand, CEO — former nurse manager, then operations director at a hospital network.

Henrik Vasquez, CTO — built workforce optimization software for 11 years.

41 employees.

The round

Raising \$16M Series A, priced equity, at a \$64M pre-money valuation.

Cash \$5.3M (Feb 2026); net burn \$410k / month.
