

Parcelo

The B2B marketplace for surplus industrial packaging.

Seed round — 2026

Problem

Manufacturers write off an estimated \$2.1B of surplus corrugated, pallets and drums each year in the US. Buyers (co-packers, e-commerce 3PLs) pay full price for new stock.

How it works

Sellers list surplus lots in 5 minutes; Parcelo prices, arranges freight, and guarantees quality. We take 14% of GMV.

Traction

GMV (last 12 months)	\$4.6M
Month-over-month GMV growth (last 6 months)	11%
Repeat buyer rate (90 days)	46%
Listings that sell within 30 days	58%
Active sellers	210

Team

Lucas Ferreira, CEO — ran procurement for a packaging distributor for 6 years.

Anika Rao, CTO — previously engineering lead at a freight-matching startup (acquired).

Market

TAM \$120B industrial packaging. Surplus segment \$2–4B in the US.

Round

Raising \$3.5M on a post-money SAFE with a \$22M cap. 20 months runway. Burn \$140k/month; cash \$0.4M.
